ATTENTION HOMEBUILDERS

Act 1103 of 2003 **REMOVED** the "three home exemption" from the Residential Licensing law (Ark. Code Ann. § 17-25-501 *et. seq.*). Arkansas law now requires a residential builder (which includes a "project manager" or a "construction manager") to have a Residential License to build **ONE RESIDENCE**.

The penalty for violation of the licensure requirement could be as much as three percent (3%) of the total project.
